

HEAVY DUTY BAGS AND PRINTED FILMS FOR THE LAWN & GARDEN MARKET.

INDUSTRIES SERVED

Reliance Packaging provides a wide range of products for the Lawn and Garden industry.

CAPABILITIES

Reliance Packaging LLC extrudes, prints and converts heavy-duty outdoor bags and printed roll-stock from a 160,000 square foot manufacturing facility in Aberdeen, NC. Operating 5 blown extrusion lines, wide-web flexographic presses and bag machines. Our turnkey operation includes an in-house graphic design department that can assist in creating designs.

QUALITY

Our many years of experience in extruded films and flexographic printing enables us to deliver the highest quality products made with non-slip ultra strong film that contains UVI and is printed with fade resistant inks that perform in tough conditions for our customer's specific needs.
