- Industrial Packaging Industry

CAPABILITIES

Performance Packaging Inc. is committed to being a premium supplier of extruded polyethylene film products to the Global market. As an ISO 9001-2000 registered company, Performance Packaging embraces the philosophy of continuous improvement and applies this philosophy to product quality and service at a competitive price.

With over 50 years experience, Performance Packaging has the expertise and capability to meet the wide variety of requirements for industrial, retail, food and converter product applications. High quality product in both roll stock and converted bags is available in a full range of polyethylene films, both in mono-layer and co-extruded structures.

Performance Packaging is committed to ongoing product development. Our goal is to focus on technology development within our core competency area of film extrusion to meet and exceed our customer expectations.

PRODUCTS

LDPE/ LLDPE & HDPE Extruded films, sheeting, tubing and bags in mono-layer and co-extruded structures

TURNAROUND TIME

Standard lead time – 3 weeks

PERFORMANCE PACKAGING INC. EMBALLAGE PERFORMANT INC.

Products and Industry Applications List

LD & LLD POLYETHYLENE SHEETING & TUBING

- Manufactured from low, linear low and medium density polyethylene
- Typical and engineered / customized resin blends
- Widths up to 90"
- Metalizing
- Industrial packaging
- Laminating
- Bagging films
- Window films
- Converter market

SPECIALTY FILMS

- High clarity shrink films
- Freezer films
- Embossed films
- Micro perforated films
- Cellular films
- Co-extruded films
- Frozen foods
- Lamination
- Metalizing
- F / F / S applications
- Rubber separator
- Batch inclusion
- Tag & Label

HD FILMS

- HDPE and HMW-HDPE
- Widths up to 90"
- Two sided treat available
- Large roll diameters
- 3" and 6" cores
- Converter applications
- Retail
- Garment industry
- Lamination
- Floral industry

SHRINK FILMS

- Complete range of shrink films
- Manufactured from LDPE, LLDPE
- Poly to poly shrink applications
- Bundling
- Beverage case packs
- Perforated Vegetable Shrink

AGRICULTURE

- Widths up to 90"
- Mono-layer and co-extruded
- Coloured and embossed films available
- Mulch film
- Plant starter
- Greenhouse supplies available
- Pallet covers

LINERS

- On rolls or boxed
- Range of sizes including large tote liners
- FDA/HPB approved blends
- High Performance blends for down gauging
- Food Packers (poultry, meat, fish, fruits, vegetables)
- Box liners for both manual and automated systems
- Covers
- Industrial Applications

INDUSTRIAL GARBAGE BAGS

- On rolls or boxed
- Standard and custom sizes
- Standard sizes available for release from inventory
- EGB Format
- Institutional
- Distributor
- Food Service
- Sanitation
