**QUALITY & SERVICE**

At Filmtech we perform in-line monitoring and off-line testing using ASTM methods to ensure that the film our customers receive is consistent in appearance and performance.

Our production flexibility promotes just-in-time inventory management. And if you find that, due to unexpected demand or system breakdown, you need film in a hurry, we'll keep you going!

Having a process problem you think is film related? Talk to our technical people. Schedule a visit to your facility. We're here to help you.

"We operate with integrity.

We're passionate about what we do.

We're dedicated to excellence."

Mark Jordan, **President and COO**

## COMMITMENT

We have expanded our facility and continue to invest in state of the art production equipment to keep up with current and potential new customers in our core market.

At Filmtech, the partnership with our customers is a commitment we take seriously.

- You can talk to any of our associates at any time.
- We will always be straight with you.
- Our deliveries will be on time.
- We will deliver a consistent product you can depend on.

We offer the flexibility of a small company and the resources of a large one.

Within Filmtech we press continuously towards the cutting edge, knowing that knowledge and technology are absolute essentials today.

We seek excellence in all that we do and are.

We believe that we achieve our success by helping our customers profit and grow.
